

SANAH TATLA

COMPUTER SCIENCE STUDENT

604-369-7277 | skt17@sfu.ca | Delta, BC, Canada | github.com/sanaht77

EDUCATION

BSc in Computer Science | Simon Fraser University

Sept. 2024 – June 2028

- **Relevant Coursework:** data structures and algorithms, database systems, client-side web programming, computer systems, software engineering

SKILLS

Programming Languages: C++, C, Python, JavaScript, TypeScript, SQL, RISC-V Assembly

Web Technologies and Databases: HTML, CSS, MySQL, SQLite, PostgreSQL, REST APIs

Frameworks & Libraries: React, React Router, Vite, Node.js, Bootstrap

Developer Tools and Practices: Git, GitHub, npm, VS Code, Expo Go, Agile, CI/CD testing

PROJECTS

TailBlazer

Mar. 2026wgh

- Users can send missing animal reports, which can then be viewed on an interactive map.
- Reports stored/retrieved and reverse geocoded locations used REST APIs, React & TS.

HustleHub

Dec. 2025

- Online talent market where service providers can post listings and clients can book them.
- Built using Python with data stored in a Postgres database using an online hosting service.

HACKATHONS

MatchBack | nwHacks

Jan. 2026

- App helps communities find and retrieve lost items through an AI powered smart matching system.
- Built using React Native in Expo Go, with Gemini API and data stored in a Postgres database.

EchoLabs | JourneyHacks

Jan. 2026

- Application to help educators perform oral exams through an AI powered examination.
- Built using TypeScript with Gemini API and implemented Google OAuth.

EXPERIENCE

London Drugs, Delta, B.C.

Aug. 2023 – Present

- Managed front customer service desk responsibilities while assisting customers and resolving conflict.

Competitive Robotics

Sept. 2022 – June 2024

- Competed multiple times at the international level, earning awards of over \$7000 CAD in funding.
- Created and implemented my own PID algorithm in C++ to autonomously control robots.

VOLUNTEER EXPERIENCE

Junior Robotics Club | 150 Hours

Sept. 2023 – Present

- Provided coding mentorship to high school students in-person and online.
